

EAntenna EA10152040DXS

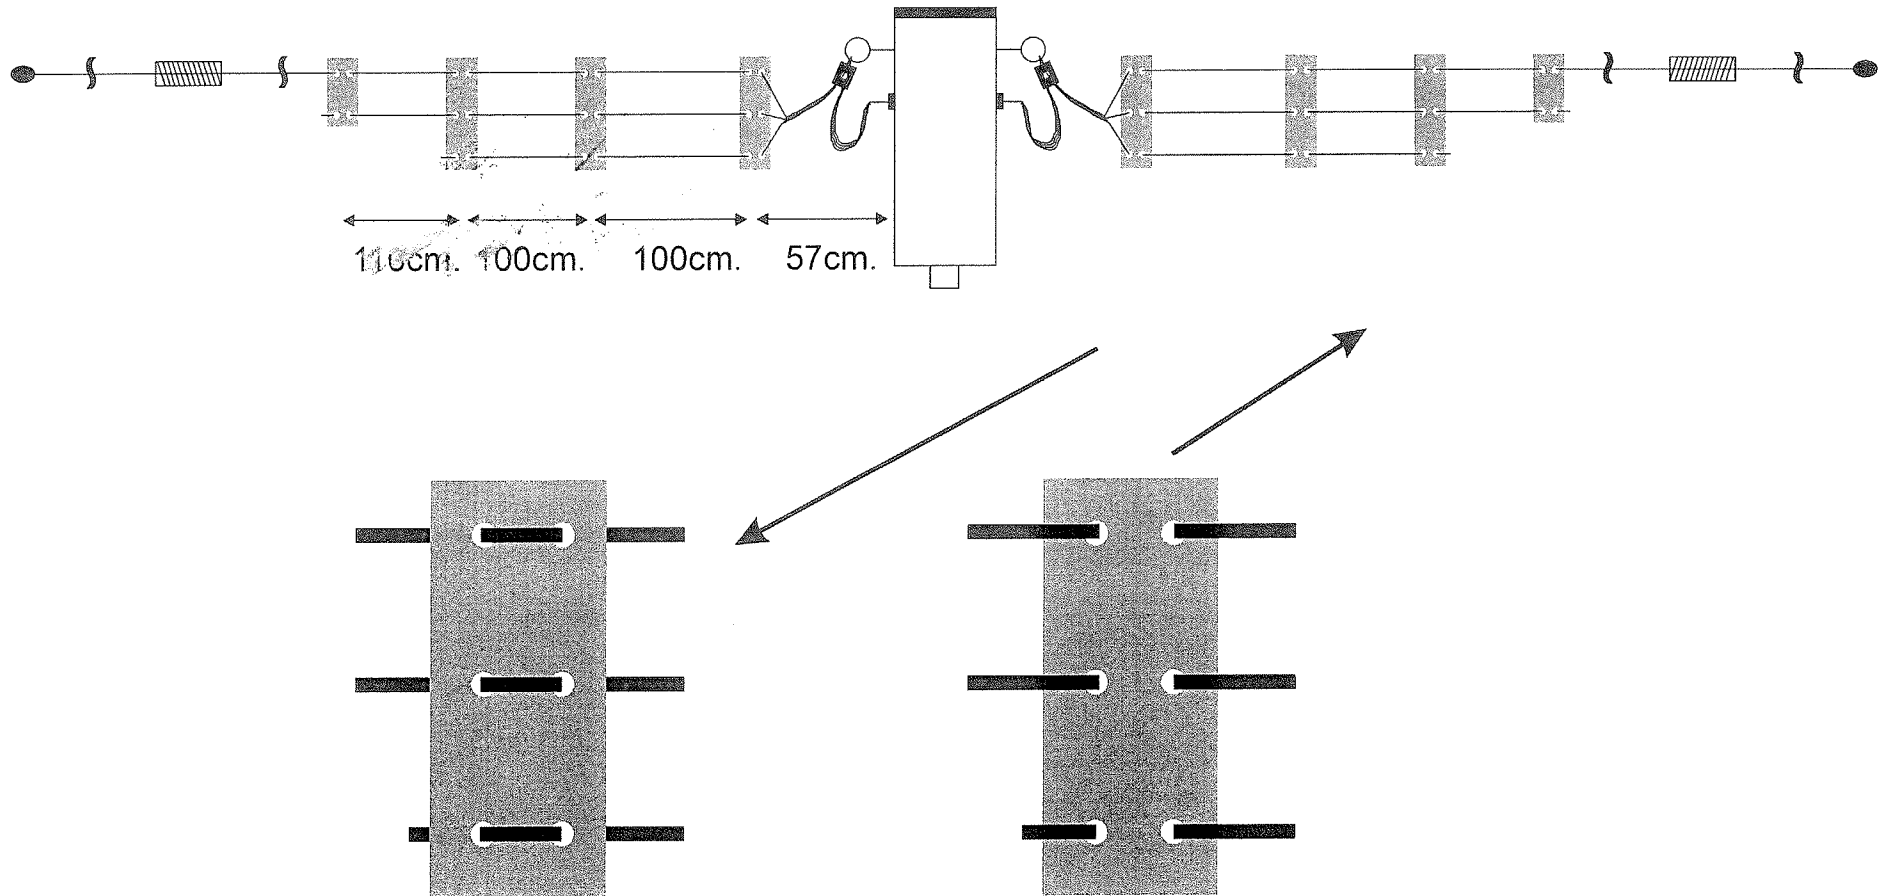

4 BANDS DIPOLE

Bands: 10, 15, 20, 40m (28, 21, 14, 7 MHz.)
Max. Power: 1,5kW

Length:
Total length: 13,00 m.
Minimum height: 5 m.

EAntenna EA10152040DXS

Follow appropriate separators for separation of the wires are not touching each other.
The setting of this antenna is by shortening (do not cut to have it adjusted) wire to the insulator / separator.
The measure of each wire is tuned so that the adjustment time would be minimal.
