

## BEAUTIFUL NEW MODELS 25X AND 25D CRYSTAL AND DYNAMIC

A new leader in beauty and performance for all sound installations, call systems, recording, amateur communications, etc., indoors or out. Response is exceptionally smooth over a wide range of frequencies. Striking, modern case finished in rich two-tone umber gray with chrome plated grille. Full 90° tilting head for semi- or non-directional operation. Engineered with world famous Turner precision. Standard  $\frac{5}{8}$ "—27 coupler mounting.

### MODEL 25X CRYSTAL

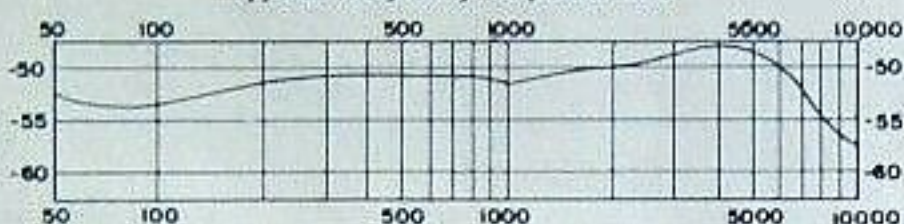

Genuine Bimorph, high quality, moisture sealed crystal, mechanically isolated. Built for hard usage indoors or out. Level 52 db below 1 volt/dyne/sq.cm. Response: 50 — 9000 c.p.s. Complete with 20 ft. removable cable set.

### MODEL 25D DYNAMIC

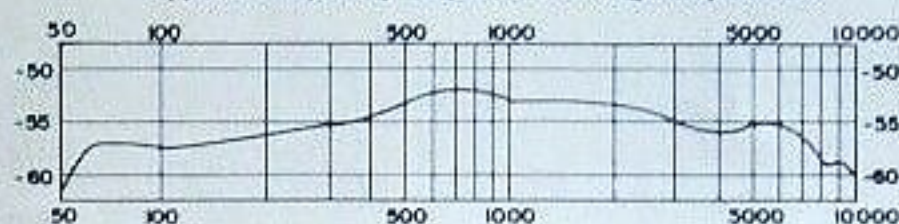

High flux Alnico V magnet together with a specially designed moving system and acoustic network gives outstanding efficiency and performance. Level: 54 db below 1 volt/dyne/sq.cm. at high impedance. Response: 50 — 10,000 c.p.s. Complete with 20 ft. removable cable set. High impedance wired single ended (single conductor shielded cable); 30, 200 or 500 ohms wired for balanced line (two conductor shielded cable).

**Model 25X** List Price — \$27.50  
**Model S-25X. With slide on-off switch.** List Price — \$30.00  
**Model P-25X. With push-to-talk button switch** List Price — \$30.00  
 Polished chrome finish at \$2.50 list additional.  
*Typical frequency response 25X*

**Model 25D** List Price — \$40.00  
**Model S-25D. With slide on-off switch** List Price — \$42.50  
**Model P-25D. With push-to-talk button switch** List Price — \$42.50  
 Polished chrome finish at \$2.50 list additional.  
*Typical frequency response 25D High impedance*

## TURNER *Challengers*

### Inexpensive, practical microphones for general sound work

Priced within the range of almost every user, Turner Challenger Microphones offer performance, quality and appearance usually found in microphones listing at twice their low cost. These general purpose units add the distinction of Turner styling to inexpensive public address and paging systems, home recorders, amateur rigs, and like applications. Engineered with substantially flat response and high output level they give clear cut reproduction of voice and music. Available with a choice of crystal or dynamic elements, they retain many of the high quality features of Turner construction. You can rely on Turner Challengers — they are fully guaranteed.

### MODEL BX CRYSTAL

For recording, P.A., and amateur work. Brown Metalustre finish. Level: 52 db below 1 volt/dyne/sq.cm. Response: 60 — 6000 c.p.s. Complete with 7 ft. attached cable.

**Model BX** List Price — \$10.85

### MODEL BD DYNAMIC

Same appearance and finish as BX. Equipped with dynamic cartridge. Works equally well indoors or out. Level: 52 db below 1 volt/dyne/sq.cm. at high impedance. Response: 100 — 6000 c.p.s. Complete with 7 ft. attached cable. 50, 200, 500 ohms or high impedance.

**Model BD** List Price — \$15.75

### MODEL CX CRYSTAL

Satin chrome finish. 7 ft. removable cable set. Standard  $\frac{5}{8}$ "—27 thread mounting. Level: 52 db below 1 volt/dyne/sq.cm. Response: 60 — 7000 c.p.s.

**Model CX** List Price — \$16.25

### MODEL CD DYNAMIC

Same style and finish as CX. High Quality magnets. 7 ft. removable cable set. Level: 52 db below 1 volt/dyne/sq.cm. at high impedance. Response: 100 — 7000 c.p.s. 50, 200, 500 ohms or high impedance.

**Model CD** List Price — \$19.50
